Mary,

As requested, we will be providing a quick overview of the TUCP California Drought Case in the 15 minutes added to the Miccosukee briefing at 1 p.m. Attached is a one-page overview for your use. Note that we will have a full briefing on the final recommendations for you in advance of the briefings for the senior managers in April. By that time, we should have recommendations for you to consider in the related South Carolina Water Withdrawal Petition, as well.
